## Who are Silver Cloud HR?

Silver Cloud HR is an independent HRIS and payroll systems consultancy, specialising in the streamlining of HR processes through the selection and implementation of cloud-based technology.

Working globally, Silver Cloud HR works in partnership with mid to large-sized companies to provide simple and practical advice designed to support their individual HR goals.

## How do Silver Cloud HR differ from alternative consultancies?

Silver Cloud HR are proud of their status as a *truly independent* consultancy, offering whole-of-market solutions and advice to enable clients to benefit from the best possible technical solution for their needs.

As well as providing support and guidance relating to the latest HR information systems, Silver Cloud HR also provides a dedicated project management service throughout the implementation period, offering dedicated external support for up to twelve months.

For those clients needing further support and guidance, Silver Cloud HR offers a specialised support service to ensure clients are making the most out of their HRIS, resulting in better adoption rates and greater accuracy when recording data.

## The Silver Cloud HR team

Silver Cloud HR are a female-led organisation with exemplary HRIS skills and knowledge. Each employee has a strong background in HR, ensuring that they not only understand the variety of technology available, but are able to understand the complexity of HR and communicate the reasons why they are recommending specific products for clients across all sectors and sizes.

## *HR people delivering HR systems*

### **Helen Armstrong, Managing Director**

Silver Cloud HR was established by Helen Armstrong in 2009.

With over fifteen years' experience within the HR industry working for companies such as Suffolk County Council, the GSM Association and Ericsson, Helen has been uniquely positioned to demonstrate the impact that HR technology can have upon medium-large sized global organisations.

Helen has overseen the growth of Silver Cloud HR and remains extremely hands-on with all clients, personally overseeing all account management to ensure that Silver Cloud offers an exemplary service at all times.

Helen's specialisms include HR technology, managing RFPs, implementation of HR technology and post-live support to ensure ease of transfer

### **Other key Silver Cloud HR staff:**

- Claire McCourt (Head of Operations)
- Sultana Huda-Islam (HRIS implementation consultant)
- Louise Bhatia (HRIS project manager)
- Lauren Coldwell (HRIS consultant)
- Sarah Lang (HRIS implementation consultant)
- Tom Fisher (HRIS Project Manager)
- Peter Kenworthy (HRIS Project Manager)

## Silver Cloud HR Clients

Whilst current clients are based predominantly in London, Silver Cloud HR works globally with clients based in the UK, Barcelona, Paris, Brussels, Bermuda, Dubai, Seoul, Singapore, Shanghai and Hong Kong amongst many others.

Thanks to the wide range of technological solutions available, Silver Cloud HR can successfully work with clients of all sizes, regardless of whether a company has 100 employees or 10,000 employees.

mid-sized global businesses*

### Media Commentary: Our expertise

Silver Cloud HR is available for media commentary on a wide range of sectors including

- HR technology
- Selection & Implementation
- Business efficiency & productivity
- Process mapping and improvement services
- Talent-related software, including recruitment, learning & performance
- Data analysis
- Global trends

Key areas of expertise are focused around system selection, project timescales, technology trends, resourcing and budgeting.

### Media Commentary: More than just HR

Silver Cloud HR are not just interested in HR tech; they are also keen supports of the 'women in technology' campaign and are actively raising awareness of the wide range of opportunities available for young women within the science, computing and technology sectors.

Speaking about the campaign, Helen Armstrong said: "It's so important that we encourage young women to think about the wide range of opportunities available within computing and technology. It is an incredibly varied and diverse sector with enormous career potential, so it is vital that we work with schools, universities and careers services to drive interest amongst women."

In 2018, Silver Cloud HR will be launching an exclusive campaign to drive awareness of technology careers amongst young women.

More details will be announced on [silvercloudhr.co.uk](http://silvercloudhr.co.uk) in due course.
